

Junior Infants

11th - 15th May

Parents

- I have linked two books that contain this weeks tricky words; come and some. One book is more challenging and that is ok, I just want the children to listen out and recognise the tricky words when you read it to them. Don't forget for emergent readers it is important to let them examine the pictures before reading and while they read they will use the pictures as an aid to read.
- This week we have two sounds ou and oi. You can spend two days on each sound so spread out the activities.
- Remember if you don't have a printer most of the worksheets can be written in a copy/page if necessary.
- An option for reading the words is to make flashcards – write out on paper and get the children to read them. Keep them and revise one or two everyday or use them to make up a game.
- Calendar (click on the image). What day is it today? What day was it yesterday? What day will it be tomorrow?
- In this power point lookout for the links that look like **this**.
- If any of the links don't work here or in the choice boards please let me know.
